PROFESSIONAL SUMMARY

Experienced Network & Cloud Support Engineer with hands-on experience in TCP/IP networking, VLAN configuration, routing troubleshooting, Linux administration, and AWS cloud deployment. Completed 1 year internship at Besant Technologies with practical exposure to network monitoring, troubleshooting, and lab-based network issue resolution. Currently preparing for AWS Certified Solutions Architect – Associate certification. Seeking Network Support or Cloud Support roles.

TECHNICAL SKILLS

- *Networking*: TCP/IP, OSI Model, IP Addressing & Subnetting, Switching & Routing, DNS, Active Directory (Basics – User & Password Management), Network Troubleshooting, Packet Flow Analysis, DHCP, OSPF, Firewall
- *Operating System*: Linux (Ubuntu/CentOS), Windows
- *Amazon Web Services (AWS)*: EC2, VPC, IAM, S3, RDS, CloudWatch, SQS, SNS
- *Cloud Deployment*: Load Balancing, Auto Scaling
- *DevOps*: Docker (Basics), GitHub Actions

PROJECTS

Enterprise Branch Network Design & Troubleshooting (*Internship Project – Besant Technologies*)

Technologies: Cisco Packet Tracer, TCP/IP, VLAN, Subnetting, Routing, DNS

- Designed enterprise branch network topology with structured IP addressing plan
- Configured VLAN segmentation and inter-VLAN routing
- Implemented router and switch configurations in lab environment
- Simulated network failures and analyzed connectivity issues
- Applied OSI layer-based troubleshooting methodology
- Identified root cause of misconfigurations and restored connectivity

Cloud-Based Web Application Deployment using AWS & Docker

Technologies: AWS EC2, Docker, GitHub Actions, Flask, Terraform

- Deployed containerized Flask application on AWS EC2 instance
- Provisioned infrastructure using Terraform (EC2, Security Groups, VPC configuration)
- Implemented CI/CD pipeline using GitHub Actions for automated build and deployment
- Configured Docker image creation and container lifecycle management
- Ensured application availability and secure access through proper port and firewall configuration

EDUCATION

Master of Computer Application (MCA) - Alagappa University, Karaikudi (2025)	- 74%
Bachelor of Computer Science (BSc) - Arumugam Pillai Seethai Ammal College (2023)	- 74%
HSC 2+ - St. Michael Matriculation Higher Secondary School, Sivagangai (2020)	- 66.3%
SSLC - St. Michael Matriculation Higher Secondary School, Sivagangai (2018)	- 82.6%

TRAINING & CERTIFICATIONS

CCNA Training — Besant Technologies (2025)

Cloud Computing & DevOps Training — Besant Technologies (2025)
